RANGE OVERVIEW

Home & hospitality

MY TEXTILE presents six related product divisions for commercial enquiries.

MY TEXTILE is a Karachi-based home-textile business led by Muhammad Yasir Waheed, Sole Proprietor. Established on 3 February 2024, the business focuses on towels, bedding, kitchen and table linen, curtains and hospitality linen. This catalogue introduces product families and the information buyers should provide when requesting a quotation. Its application photography is illustrative. Product construction, dimensions, material composition, availability and commercial terms require confirmation for each enquiry.

For procurement teams

A starting point for retailers, wholesalers, importers, distributors and hospitality buyers.

Range scope

Towels and bath linen; bedding; kitchen linen; table linen; curtains; hospitality linen.

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

SELECTION GUIDE

A starting point for selection

Choose by intended use, then define the dimensions and construction required.

Family	Typical application	Information to specify	Pages
Towels & bath	Home and guest bathrooms	Dimensions, composition, weight, finish	05-06
Bedding	Bedrooms and accommodation	Bed size, finished dimensions, closure or fit	07-08
Kitchen linen	Drying and kitchen tasks	Task, dimensions, construction, care	09
Table linen	Dining and service settings	Table size, layout, appearance, care	10
Curtains	Window dressing and privacy	Window size, heading, lining, light control	11-12
Hospitality linen	Coordinated property requirements	Room schedule, quantities, laundering needs	13

Application mappings guide enquiries only. They do not establish a specific product’s tested performance or suitability for regulated uses.

TB

Towels & bath linen

Bath-linen enquiries for household collections and accommodation settings.

Family focus

Discuss towels and related bath-linen requirements by use, finished size and presentation.

Application focus

Home bathrooms, guest accommodation and retail collections. Confirm any special laundering or performance requirements at enquiry stage.

ENQUIRE: TB / info@mytextilepk.com

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

TB

Towel selection details

A clear specification helps the supplier assess the exact towel requirement.

Product and construction

State the item, required dimensions and material composition. Include a reference sample or approved specification where available.

Weight, finish and presentation

State any required fabric weight and unit, colour reference, border or finish. Confirm care requirements and packaging expectations before ordering.

ENQUIRE: TB / info@mytextilepk.com

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

BD

Bedding

Bed-linen enquiries for homes, retail assortments and accommodation.

Family focus

Bedding requirements should identify the exact article, such as a sheet or cover, and its relationship to the bed or bedding insert.

Application focus

Bedroom collections and hospitality room requirements. Select by fit, construction and agreed care expectations.

ENQUIRE: BD / info@mytextilepk.com

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

BD

Bedding selection details

Specify finished dimensions rather than relying only on bed-size descriptions.

Fit and dimensions

Provide the bed or insert measurements and finished article dimensions. For fitted items, include mattress depth and fit requirements.

Construction and care

Confirm composition, fabric construction, colour, finish and any closure details. State laundering conditions and required product documentation.

ENQUIRE: BD / info@mytextilepk.com

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

KT

Kitchen linen

Textile enquiries for drying, handling and everyday kitchen presentation.

Family focus

Kitchen linen for the intended task, with construction and dimensions agreed for the individual requirement.

Selection focus

Describe what the textile will be used for, desired composition and care needs. Heat-protection performance requires specific supporting evidence.

ENQUIRE: KT / info@mytextilepk.com

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

TL

Table linen

Linen enquiries for dining, service and coordinated table presentation.

Family focus

Table-linen requirements should state the article, finished size and intended table arrangement.

Selection focus

Provide table dimensions and desired coverage, napkin requirements, colour reference, construction and laundering expectations.

ENQUIRE: TL / info@mytextilepk.com

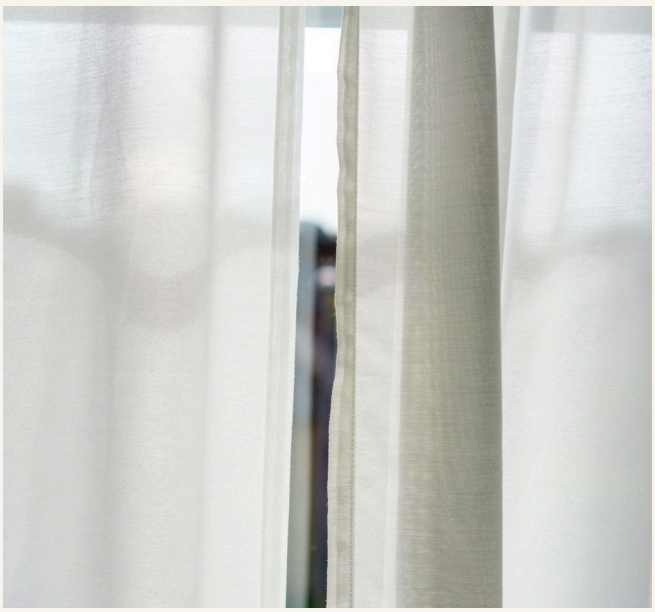

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

CW

Curtains & window textiles

Window-textile enquiries based on the room and the intended window treatment.

Family focus

Curtain requirements for residential and hospitality interiors. Define the window dimensions and desired hanging arrangement.

Selection focus

State privacy needs, desired appearance and any lining requirement. Photograph appearance alone does not verify light-blocking or fire performance.

ENQUIRE: CW / info@mytextilepk.com

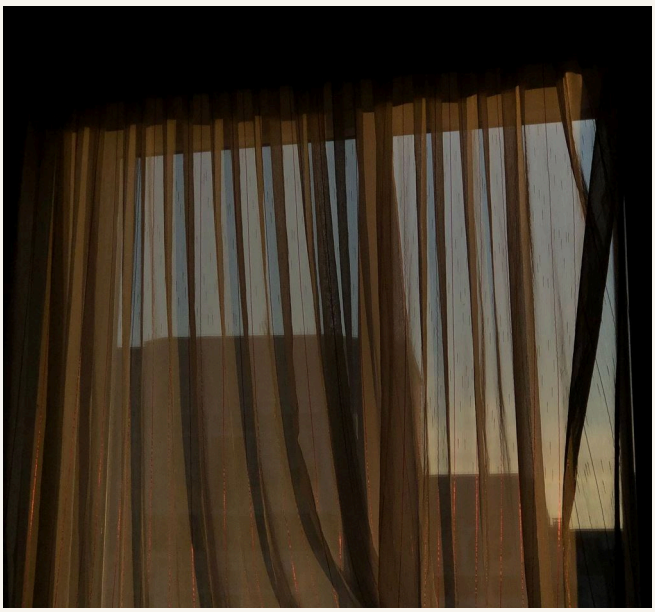

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

CW

Curtain specification guide

A window schedule helps organise each room’s curtain requirement.

Measurements and fit

Provide the track or pole dimensions, finished drop and required panel arrangement. Confirm how measurements were taken.

Heading and performance

Identify the preferred heading and lining. Where light-control, fire or other specialist performance is required, state the applicable test or standard for review.

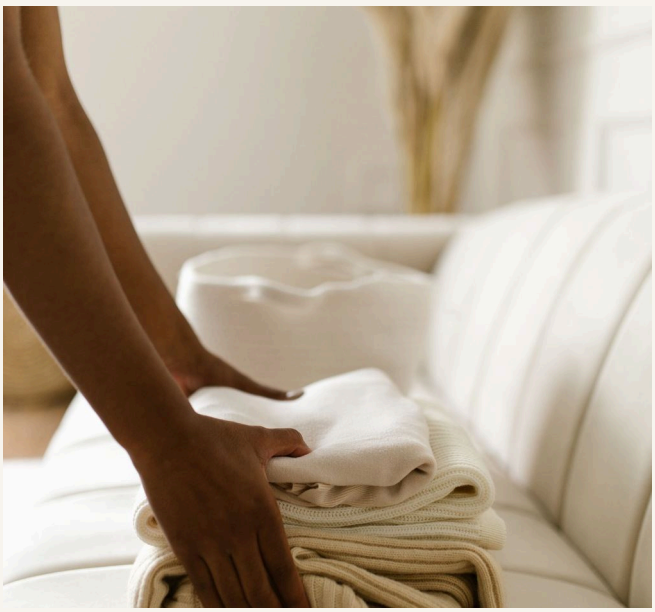

ENQUIRE: CW / info@mytextilepk.com

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

HL

Hospitality linen

Coordinated enquiries for guest-room, bathroom and dining requirements.

A coordinated schedule

List bed linen, towels and related table or window-linen requirements by room or service area.

Operational requirements

State property type, item quantities, intended laundering conditions and any replacement or replenishment needs. This is an application guide, not a claim of completed hotel projects.

ENQUIRE: HL / info@mytextilepk.com

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

APPLICATION GUIDE

Product families by application

Select the family that relates to the use, then confirm the detailed specification.

Application	Relevant families	Buyer information
Home collections	Towels, bedding, kitchen/table linen, curtains	Room or task, dimensions and presentation
Retail assortments	Relevant home-textile families	Article list, quantity by item and packing needs
Guest accommodation	Bedding, towels, hospitality linen, curtains	Room schedule, fit and laundering conditions
Dining and service	Table linen and relevant kitchen linen	Table sizes, service format and care needs
Import / distribution	Product families selected by the buyer	Destination, item schedule and required documents

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

SPECIFICATION CHECKLIST

Details that shape an enquiry

Use this checklist when reliable model-by-model technical data is unavailable.

Specify	What to provide
Article and use	Product family, exact item and intended application
Dimensions	Finished measurements, measurement method and units
Material / construction	Required composition and construction, or a reference sample
Weight / finish	Required weight with units where relevant, colour and finish
Care / performance	Laundering conditions and any documented performance requirement
Quantity / packing	Quantity by item, packing format and destination
Documents	Required test reports, material records or buyer standards

No standard dimensions, material grades, GSM values, thread counts, performance ratings or stock options are asserted in this catalogue.

COMMERCIAL ENQUIRY SUPPORT

Requirements before commitments

A structured enquiry helps establish which product and service scope can be offered.

Requirement review

Send your product list, intended use and reference documents so the requested scope can be discussed.

Customisation enquiries

Custom sizes, embroidery, labelling, packaging and private-label requests can be raised for review. Availability requires written confirmation.

Quotation scope

Request a written offer covering the exact articles and any agreed sampling, packing, documentation or delivery responsibilities.

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

DOCUMENTATION

Quality information to request

Document availability and applicability must be confirmed for the particular product and order.

Document / record	Purpose and enquiry point
Product specification	Confirm composition, construction, dimensions and agreed finish
Sample reference	Identify the sample and approval basis, if sampling is agreed
Material or test report	Check the exact product, test scope, date and issuing party
Certification evidence	Check the holder, scope, product coverage and current validity
Packing / shipment records	Agree item descriptions, quantities, packing and shipment information

This catalogue does not claim that these documents are already available for every item. No certification badges or company-wide compliance claims are included.

ORDERING

A clear commercial enquiry

Send the essential information first. Product and commercial commitments belong in the agreed quotation and order documents.

1 Enquiry

Provide the family reference, exact article, quantity, specifications, destination and requested date.

2 Review and quotation

Confirm the offered specification and any agreed sample or document requirements. Request written pricing, delivery and payment terms.

3 Order agreement

Proceed on the basis of the accepted written terms. A requested delivery date does not constitute a guaranteed lead time.

Stock photography illustrates product families and applications. Exact supply is confirmed by quotation.

PRINTABLE BUYER WORKSHEET

Your enquiry

Complete this sheet and email it with any drawings, samples or technical requirements. This static worksheet does not submit automatically.

Buyer / company

Contact person and role

Email / telephone

Product family / enquiry reference

Article and quantity by item

Dimensions, composition and technical requirements

Delivery location and requested date
